Thalia Murray Scholarship Fund Established

Bruce and Kevin Murray, sons of the late Thalia Murray, are offering a scholarship in her memory to an eligible University City High School senior via EdUCate!, the University City Foundation for Public Schools. Mrs. Murray taught in the San Diego Unified School District for 20 years, including 17 years at Marcy Elementary (now Mission Bay Montessori) in UC. Thalia Murray received a scholarship to Radcliffe, now fully integrated with Harvard University, which allowed her to attend a high-quality, four-year college. This experience dramatically changed her life for the better. Her family's goal is for this scholarship to have a similar impact on a graduating

UC High senior.

A committee comprised of key EdUCate! members, UC High School staff, and her sons will award the inaugural \$2,000 scholarship. Applications are due by May 5, 2005. Interested seniors should contact Nanci White, Counselor at UC High School, at 858-457-3040, ext. 222, for eligibility details, scholarship criteria, and applications. Applications can also be downloaded from the EdUCate! website at www.uc-educate.org. The scholarship recipient will be announced at the UC High School Scholarship and Awards Ceremony at UC High on June 2, 2005, at 7PM.

CERT San Diego: Firefighters and Citizens Working Together to Build Safer Communities

The City of San Diego Fire-Rescue department has established an innovative program, Community Emergency Response Team (CERT) with the goal of helping families, neighbors, businesses and communities get through the first few hours or days following a disaster before help arrives. Several communities including Scripps Ranch, Tierrasanta, Talmadge and Alvarado/San Carlos/Allied Gardens are in the process or have already established CERT teams. Barbara Ayers of the San Diego Fire-Rescue Department presented information and recruited volunteers at the April UCCA meeting to form a CERT in University City. UC resident, Greg Hom has

already completed training and is serving as team leader.

Free training is provided in a 6-8 week series of classes taught by San Diego Fire Rescue personnel. The next training academy will run for six weeks from September 27th – October 15th. A flexible schedule allows student volunteers to attend Wednesday nights from 6:00 -10:00 p.m. or Saturday mornings from 8:30 a.m. – 12:30 p.m. CERT volunteers are men and women of all backgrounds that are active in the community –or want to be. For more information or to volunteer, call 619 533-3075, email cert@sandiego.gov. or visit www.certsandiego.com.

Planning Dept. Releases General Plan Update Discussion Draft for Public Review

The City of San Diego Planning Department announced the release of the Discussion Draft General Plan Update on April 20th. The goal of this preliminary, discussion draft is to solicit public comment on the document. In the next six weeks, San Diegans will have the opportunity to review the discussion draft and provide feedback to the General Plan team.

This is the first update to the City of San Diego's General Plan since 1979. The first step toward updating the General Plan began with City Council adoption of the Strategic Framework Element in October 2002, which set forth a comprehensive strategy and guiding policies to improve the quality of life for current and future San Diegans.

Since early 2003, the Planning Department has been working with citizens to update the balance of the 1979 General Plan which includes refining Strategic Framework Element policies, incorporating citywide community plan policies, consolidating fourteen elements into nine, and preparing a user-friendly format.

The nine elements of the General Plan Update are: Strategic Framework/Land Use, Mobility, Urban Design, Economic Prosperity, Public Facilities, Services and Safety, Recreation, Conservation, Noise and Housing. (The Housing

Element will be released as a separate document.)

The General Plan Update is built upon a foundation of public input. It began with the work of the Strategic Framework Citizen Committee which drafted a vision and core values for a new General Plan followed by hundreds of citizens participating in workshops and community planning group meetings to refine the vision and City of Villages Strategy. Since adoption of the Strategic Framework Element, dozens of community members have participated in the General Plan Update through Planning Department-sponsored panel discussions, Planning Commission and City Council workshops, interest group meetings, and one-on-one meetings with Planning Department staff.

To view the Discussion Draft General Plan Update, visit www.sandiego.gov/planning. The document is also available for viewing at local branch libraries and community service centers. If you are interested in purchasing the draft, contact the Planning Department at (619)235-5200 or visit 202 C Street, fourth floor. Copies of the draft are available for \$5, or you may purchase a CD-Rom for \$2. (from the Press release issued April 20th by the City of San Diego Planning Dept.) Deadline for submitting comments to Colleen Clementson is June 3rd. (cclementson@sandiego.gov)

President's Perspective...

I have always considered being able to live in a safe, secure neighborhood a great gift in life. I have had the privilege of living on a street where there has not been a crime or serious injury since 1980. We have had a safety angel in our neighborhood, Mary Simmons, who lives at the end of our cul-de-sac, and is ever alert to anything unusual happening on our block. She and her deceased husband, Doug, were pioneers in the Neighborhood Watch program, and she has kept a steady watchfulness for our safety since that time.

I think all of us in University City are fortunate to have a strong sense of security about our Safety. Officer Ralph Cummings, our community police officer, assures us that we are one of the most crime-free areas in the City. I think this is due to the fine family structure, the ongoing awareness and the constant vigilance of the citizens of our community. If anyone has a concern about safety issues, or suspected crime concerns, contact Officer Cummings at racummings@pd.sandiego.gov or 858 - 581 - 9921. He has been very responsive to any requests or complaints from our community. We are very fortunate to have him on our side!

The other safety concern we have in our community is traffic. In order to increase traffic safety, neighbors in the area of Cather and Gullstrand St. have met with members of the SDPD traffic engineers and Madeleine Lee of Councilman Scott Peters office to work towards traffic calming measures to reduce speeding on those streets. Also, at a recent general meeting of the University City Community Association, Councilman, Scott Peters promised to look into measures to slow autos on Stresemann St. during the morning rush hours. Besides these measures, I believe each of us can contribute to traffic safety by being more gentle with our speed in the area and alert to the concerns or other drivers.

If you have any further ideas for preventing crime or preserving traffic safety, please pass them on to me at hpates@ucsd.edu.

If you haven't yet joined our association, please do so this month, as we work together to create an evermore beautiful, safe and clean University City! Hugh Pates

UCCA Supports Grad Nite

The UCCA Board recently donated \$250 to the University City High School Grad Nite celebration. Shown above is Grad Nite Chair Lynn Shields gratefully accepting the donation from UCCA President Hugh Pates. For the all-night Grad Nite party, the UC high school gym and surrounding areas are transformed into an ancient Roman coliseum to provide a safe, sober and fun place for the graduating seniors to spend their last night together.

Grad Nite at UC high was started 15 years ago through the incredible enthusiasm of Mary Kay Hewitt, Barbara Henshaw, Maria Ring, Suzanne Ohlfest, Kathy Wallace and Susan Styn. The event now includes dancing, casino games, a rock climb-

ing wall and a giant slide, laser tag, Karaoke, massages, arcade games and lots more. The event costs over \$20,000 each year with only about half that amount derived from ticket sales, so the Grad Nite committee is busy throughout the year with fund-raising activities including garage sales and a fashion show. The Grad Nite committee feels this is inexpensive insurance to prevent the tragedy that could occur if students celebrate graduation night by drinking and then getting behind the wheel of a car. Anyone wishing to donate to this worthwhile non-profit organization can mail their check payable to UCHS Grad Nite to UCHS, 6949 Genesee Ave, 92122. A tax-deductible receipt will be provided.

EdUCatel raises the majority of the money by producing the annual Taste of the Triangle in November which features many fine area restaurants and a

very popular Silent Auction of fun, theme-filled baskets. Funds are also raised through the foundation's Honor-A-Teacher Program and its Friendraiser Run/Walk.

Additionally, the foundation is augmented by the generosity of private donors and corporate sponsors which included: The Marketplace in University City, Washington Mutual Bank, La Jolla Golden Triangle Rotary Club, Ann Wille & Associates, San Diego National Bank, Caryl Lees Century 21 Award, San Diego Marriott La Jolla, Golden Triangle Chamber of Commerce, San Diego Metropolitan Magazine, Southland Equities, The Century Club of San Diego, and Steele Bodies.
