### **Tips for a Successful Garage Sale**

1. Set up your "store" the night before. Cover up or put away any items in your garage that are not for sale.
2. Tag all items, but be prepared to haggle. Make sure appliances work. Clean/dust everything you can.
3. Have lots of coins and small bills handy for making change. Use a "fanny pack" to carry your money around with you.
4. Don't open the door until you are ready for business. Be prepared for early shoppers. They are the pros. Remember the maps go out at 7 AM.
