MARK JALATA

TRAFFIC CALMING ON GOVERNOR DRIVE

School and community safety

Cars, cyclists, pedestrians, school children, park users

Immediate

- Reduce car traffic in each direction to one lane
- Stadium Street (Spreckels) to Radcliffe (Standley Middle School)
- Narrower road leads to slower driving
- Bike lane has substantial paint separation
- Existing street parking remains
- No disruption to broad sidewalks

Future possibilities in long term plan

- Landscaped medians
- Enhanced sidewalks
- More street lighting

NEXT STEPS

- Leverage completion of joint use project (Fall 2021)
 - Safety for all
 - Curb appeal for new facilities
- “Restriping” is not a capital investment and is an immediate solution consistent with long term community plans
- Engage with community for support to Councilmember La Cava
 - ✓ CPUS
 - ✓ UCCA
 - UCPG
- Today: request support from UCPG
